# CORE CART

The cell storage system was specifically designed for use in the healthcare industry. This high-quality logistic system is ISO 3394 standardized and can be used in all departments of the hospital. Because of the adaptability of its components, this system allows customers to find the optimal solution that answers to their specific needs while saving up to 30% of space in comparison to more traditional shelving systems.

Available with multiple lock options, including keyed lock, electronic keypad, and electronic keypad with proximity card reader (two frequencies).

The cart is on four swivel locking casters for ease of movement and designed in a powder coated steel for efficient cleaning, and includes two side handles for easy maneuverability.

- Available heights 76"
- Key lock options
- Tempered glass doors

## DESCRIPTION

The cell storage system is specifically designed for use in healthcare environments. This high-quality logistic system is standardized and suitable for use across all hospital departments. Its adaptable, modular components allow customers to configure an optimal solution tailored to their specific needs while saving up to 30% of space compared with traditional shelving systems.

The system is available with multiple locking options, including a keyed lock, electronic keypad, or electronic keypad with proximity card reader (two frequencies).

The cart features four locking swivel casters for effortless mobility and is constructed of powder-coated steel to support efficient cleaning. Two integrated side handles provide added ease of maneuverability.

- Available height 76"
- Key lock options
- Tempered-glass doors

## KEY BENEFITS

### Engineered for Healthcare

- Customizable for Cath Labs, IR Labs, and General Storage
- Robust design
- 5" Locking swivel casters

### Customizable

- 50+ individual accessories and packages available
- Configure your own custom CORE Cart

### Adaptable To Your Workflow

- Adapts as needs change with various accessory packages
- Interchangeable components with EVERHUTCH solutions
- Accommodates a variety of medical equipment

MCT100-XX
